Hare Scramble

The event was cancelled due to overly wet ground conditions that are believed to not dry up before next week end. According to FTR December 15-16 and April 13-14 are available dates. The club voted to run the December 15-16 dates. A request was made to put the race flyer on the club web site. The lease would be closed the week of the race. A work week end is scheduled for December 8-9 for final prep.

Enduro

This year the event will be a single day competition on February 10, 2019. We are allowed 4 work weekends including the race weekend. It is important to have a great turn out for the work weekends as they is limited time for prep. It will be a great opportunity for club members to ride the course after working in the mornings.

Camping on the property is allowed on work weekends, however NO open fires. It will be requested that the last weekend in January be a 3 day. Waiting for approval

We will have an "Enduro School" at the January club meeting

Lease

With the event canceled the lease will be open on weekends until further notice

Other Items brought up:

John B reported a number of renewals.

A question about the cost of the lease and insurance came from the members

It was reported the approximately 4400 for the property and 2800 for insurance

Opportunities for a holiday party were discussed plans TBD

Don closed the meeting by thanking the members
